

Children's Program of The Patrick Dempsey Center
For Cancer Hope & Healing

Tweens to Teens

When: Tuesdays • 6 - 7:30 p.m.

Where: The Dempsey Center • 10 Hight Street, Lewiston

Teenagers have their own unique set of needs when someone they love has been diagnosed with cancer.

This weekly support group, for adolescents ages 12-17, offers a comfortable environment to talk about what it's like, learn more about cancer, and engage in different projects with other teenagers facing similar struggles.

The group is free and pre-registration is required.

For more information please contact:
